

## **HANDMADE HOME TEXTILES & WOODEN DECOR FOR INSPIRED INTERIORS**

At Creative Boutique Home, we believe that beauty lives in the details – in the soft texture of a linen or velvet pillow, the careful stitching of the table napkins, or a gentle warmth of wooden beads catching the light (bringing nature indoors).

From our European workshop, we craft handmade home accessories that bring comfort, character, and authenticity to every interior. Our collections are designed for interior designers and stylists who value craftsmanship, natural materials, timeless elegance. Each piece – from our pillow covers and table textiles to wood bead garlands and curtain tiebacks – is designed and carefully made using materials and fabrics from regional Italian, Spanish and Polish manufacturers.

Our customers love our modern country and boho-inspired aesthetics, where simplicity meets soul. Whether you're styling a rustic farmhouse, a contemporary apartment, or a cozy holiday home, our designs add that curated final touch of warmth and personality.

### **Why designers love working with us:**

- **Handcrafted Quality:** every item is made with care, ensuring individuality and attention to detail.
- **Authentic European Materials:** We partner with family-run manufacturers in Italy, Spain, and Poland to source unique fabrics or hardwood pieces unavailable in mass production.
- **Custom Orders:** Need a special size, color palette, or fabric texture? We love collaborating on bespoke designs.
- **Seasonal Collections:** From cozy winter holiday ornaments and gifts to happy spring and Easter seasonal accents that refresh your projects all year round and keep them up to date for photoshoots.
- **Personal Design Support:** We assist with fabric and color selection, helping you achieve the perfect harmony for each interior.
